www.miravistaresort.com

For the remainder of the Summer and for the health and safety of our guests we have determined it would be best to return the conversation pool to chlorine from bromine. The reasons are cost, labor and the overall appearance and quality of the water. Bromine works well in warm water, however, it breaks down rapidly in ultraviolet light. Add to this debris from the surrounding environment as well oils, lotions, etc. and it just cannot keep up and be sanitary enough to meet our standards. The conversation pool will be closed beginning Tuesday, drained, cleaned and refilled soon after. We appreciate your patience and understanding.

Hi fellow River Dipper,

I work in a hospital where I see people die of COVID-19, and the number of cases has been rising. Those people who survive COVID-19 are seriously debilitated. Thus I am keen not to have any River Dipper contract COVID-19 and therefore I am cancelling all scheduled River Dipper events for July. Please stay safe and we will revisit August events next month.

clothing-optional ocean beach, a camp variety show, crafts, nature exploration, canoeing and kayaking, non-competitive sports, producing a claymation video, campfires, and lots of pool time, with individual attention for each camper. There will be special activities best done clothes-free such as a slip-n-slide with paint, tie dye, water balloon throwing, gooey games, and a 10 foot ice cream sundae with as much landing on bodies as in mouths. Workshops on being proud of who we are, body acceptance, communication skills, and conflict resolution will help establish an atmosphere of caring about each other's feelings and positive relationships. Parents are encouraged to attend the camp participating as much or as little as they like. Again this year, Swann will be camp director. Most of the favorite counsellors will be returning. A gallery of camp photos, articles, and claymation videos from past years are on Sunsport's website. Enrollment forms are also on Sunsport's website. If your child is attending, please email me at morleynaturist@hotmail.com.

Kauai Nativists is a small group of 38 on The Garden Island. Our primary clothing optional beach is Larsen's Beach, and the far east end of Secret Beach gets nude use. Valley View Recreation

PO Box 605, Cambridge, WI 53523
www.vvrc.org

We reopened our pool Friday June 26th with some limitations. As you may well be aware, our main objective is to keep our guests, members, and staff healthy and safe. Going forward we will still be practicing the Covid-19

social distancing regulations particularly the pool area and pool since this area will have the highest concentration of people. We will limit the number of people in the pool to 8 with a time of 30 minutes each interval to allow others to use the pool. We do not wish to have to police this, so please be courteous of others. Our lounge chairs will be placed in groups of two with a side table at six feet apart, with an X under each chair. Feel free to rotate the chairs over the X to follow the sun. The number of chairs in the pool area will determine the number of people allowed in the pool area. Bringing your own chairs in

will not be allowed. If you do not wish to be in the pool area, we highly recommend bringing your own chairs as we will have an extremely limited supply outside the pool area. We will not be providing flotation devices and pool toys so you will need to bring your own if you want one. Our members will not be using the pool or pool area during peak times so as many of our customers can enjoy the accommodations. If you feel sick, please stay home. These are trying times and we are doing what we can so everyone can enjoy the nudist lifestyle safely. Please keep an eye on facebook and our website for any further updates.
